This project uses modern and simple design vocabulary to contrast the absolute nature and independence of green mountains and rivers. The relationship between architecture and environment, human and nature, human experience and space has a new anchor and starting point. The main aim is to create a high density resort space with high living quality. The project has two main functions in this site, one is the hotel area that equipped with perfect supporting facilities, the other is residential area that composed of 61 villas.

本项目采用简洁的设计语汇来反衬绿水青山的绝对自然性和独立性，让建筑与环境，人与自然，体验与空间的关系有了新的出发点。项目旨在创建一个高品质的酒店度假居住空间，并满足高密度的面积要求。主要功能是酒店和别墅区。酒店区有宴会厅、温泉中心、泳池等完善的配套功能；别墅区共有61栋。
