

The Wall House

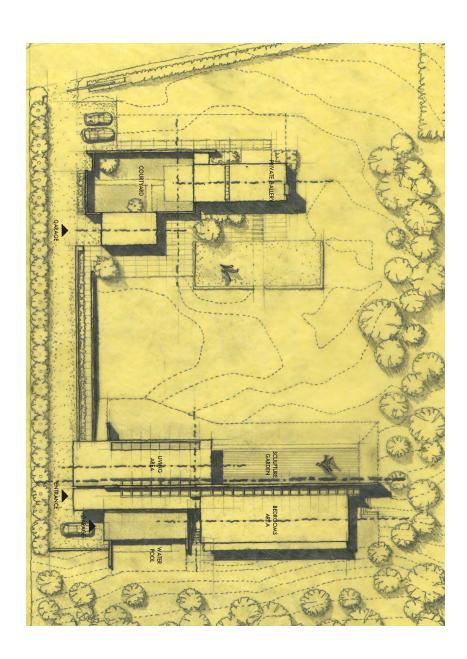

New Canaan, US

墙之家住宅项目 新迦南,美国

Type of Program Residential / 住宅

Size 13,140 SF / 平方英尺 The house use minimal structure. A transparent glass wall provides the view of outdoor garden and swimming pool, blurs borders between inside and outside, and brings more natural sunlight. A multi-functional wall stretches out and strengthens the visual tension.

这所房子的内部和外部空间结构设计力求极简,通过透明的立面设计可以随意远眺庭院及私人泳池,帮助模糊了内部和外部之间的边界,同时向屋内引入更多的自然光。一面多功能墙从建筑主体延伸到远端的一侧,增强了视觉张力。
